CHILD CARE DURING THE SERVICE

There is a sign-up sheet on the piano for any of you who would help care for small children during the last half of the worship service. Please pray about this need for our Church family, and volunteer to help out, about once a month.

LADIES' BIBLE STUDY

The Ladies will not meet until Beverly returns from Texas and has her cataract surgery. Please be watching for the re-start.

MEN'S BIBLE STUDY

Men's Bible Study will meet on Thursday, at 5:30 P.M. We are examining important parts of Scripture, finding out what God desires of true disciples, and growing in fellowship with one another. You are invited to join us for this event.

PRAYER LIST

We invite you to take 1 Thessalonians 5:17, "Pray without ceasing," to heart every day.

CONSIDER THIS

It is becoming more and more difficult, and immensely more interesting to try to keep up with the expanding knowledge base available to mankind in these days. I have a friend in ministry who called me today who has been given a complete set of the International Standard Biblical Encyclopedia. He asked me if I thought it would be worth the money it would cost to rebind it for his library. That is an interesting question, but is so outdated that I wanted to laugh out loud. The ISBE has been one of the go to volumes of information for conservative Christians for over 100 years. I don't recall how many volumes there are, but it is a fixture in many theological libraries, even today. It would be a treasure for anyone to possess.

Therein lies the problem for anyone treasuring Biblical literature. It would cost a few hundred dollars to re-bind these books to their original condition, or you can go to a Bible program and download the complete set and install it on your personal phone for free. You can carry all that information around with you and have instant access whenever you need it. I used to have a library containing thousands of books, but now my library is in boxes in a storeroom, because I have instant access to virtually any commentary or reference book for no cost, and I don't have to go through volumes of material to find what I need to know. It is difficult to get used to information in "the cloud," but it is also interesting to see how much is available for those willing to look in the right places. No, John, you don't need to spend those valuable resources to learn from the ISBE.
