CONSIDER THIS

With so many things going on this time of year, we must also make time to prepare for the upcoming Winter that will soon be bearing down on us. It has been a jam-packed Summer for many of us, and adjustments will need to be made as we transition to a new season. I grew up in Southern California, where we did not have to notice these things, but the upper Midwest is a whole 'nother story. I remember the year, 1964, when I went to school at Baylor for the fall semester. On a given weekend before the end of October, my roommate packed up his clothes to take home with him for the weekend. I thought maybe he was quitting school, but found out he was taking his summer clothes home, and replacing them with winter clothes. I had never heard of such a thing!

The Bible tells us that we should be aware of the changes going on around us in this world, so that we can be prepared for what is coming. We must pay attention, so we are not caught off guard. Are there some things happening around us now that we should be getting ready for? Take this little reminder to heart, please!
